

# WELCOME

From the very first day, when we opened our own front door, our focus at Glenview Doors has been to create next-generation wood doors capable of delivering exceptional beauty and strength. Architects, builders and homeowners can now feel and see this dedicated effort in every Glenview Door we construct.

# PORTFOLIO OF PRODUCTS

Glenview offers a wide variety of high-quality exterior and interior doors to suit any design needs ensuring you'll find the perfect door to complement your home's aesthetic and functionality.

## EXTERIOR DOORS

### EUROTECH ENTRY DOORS WOOD

Glenview Doors are the world's only luxury wood doors crafted with EuroTech™ construction technology, so they won't warp or crack.

### EUROTECH ENTRY ALUMINUM CLAD

Glenview Doors proprietary EuroTech™ construction combined with an additional layer of ½" thick solid aluminum cladding to the exterior of your door for exceptional strength.

### INICIO STEEL ENTRY DOOR

The thinnest profiles from Switzerland, thermally broken and powder coated for the most extraordinary steel entry doors.

## INTERIOR DOORS

### LUXELINE INTERIOR DOORS

Glenview Doors line of fully customizable, luxury interior doors. A one-of-a-kind offering with solid core construction, magnetic latches and concealed hinges.

### ECOLINE INTERIOR DOORS

A solid-core interior door line designed to be a full package offering. This line includes an eco-friendly veneer with magnetic latches and concealed hinges.

### STEEL INTERIOR DOORS

Glenview Doors' sleek line of steel interior doors utilizes the thinnest profiles with endless customization options to fit every homes needs.

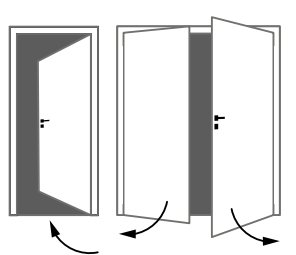

# IT'S ALL ABOUT THE DETAILS

## LUXELINE SOLID CORE STRUCTURE

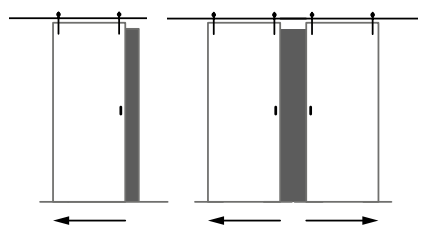

Our modern interior doors are constructed with a solid core structure. Our wood material offering consists of a solid wood center surrounded by a natural, beautiful 1/16" wood veneer. Our MDF interior doors consist of a RT8 board in the center surrounded by MDF/plywood and a 1/16" natural veneer on the exterior side. Both solid core options create beautifully crafted modern interior doors.

## DOOR TYPES

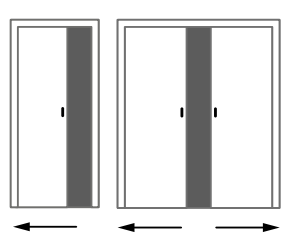

### SWINGING

The Luxeline collection offers a range of options for swinging doors. The standard hinges can be upgraded for an additional fee, while the standard magnetic latch lock or single bore (levers sold separately) are included, but can be customized at an extra cost. You can also choose from a variety of frame construction options.

### BARN

The barn door in our Luxeline collection comes with the option of a separate barn door track and hardware (which are sold separately), or the possibility of custom door preparation using your own hardware which will require a template for review.

### POCKET

The Luxeline collection's pocket door does not include hardware, which must be purchased separately. Custom door prep using your own hardware is an option and requires a template for review by us. Our pocket doors are designed to glide effortlessly while offering the hidden advantage of maximizing your space with a clean, modern aesthetic.

## UP CLOSE & PERSONAL

### CROSSBAND:

MDF - Fiberboard of medium density

### CORE:

- Durable, long-lasting
- RT8 natural fiber board, which decreases sound

### STILES:

Solid engineered wood stiles with matching edges

### FACE VENEER:

Available in popular wood species Mahogany, Oak or MDF

### FINISH:

Our factory-finish is water based and has a UV cured finish

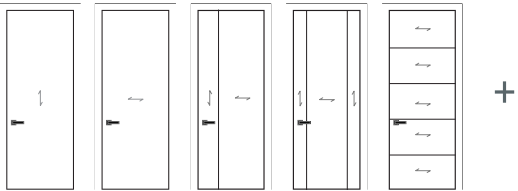

# CUSTOMIZE YOUR DOORS

FOLLOW THESE EASY STEPS TO CREATE YOUR PERFECT DOOR PACKAGE:

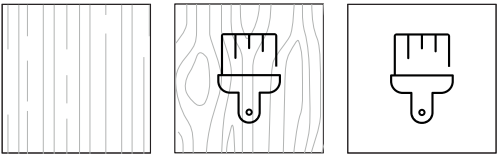

## 01 SELECT PANEL DESIGN

Choose from a variety of panel styles and layouts to create a door design that suits your aesthetic preferences and architectural needs.

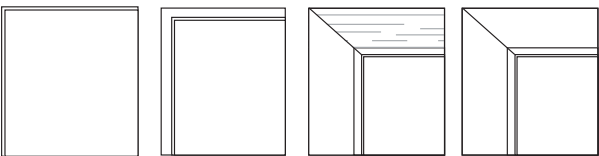

## 02 SELECT MATERIAL + FINISH

Pick the material for your door — whether wood or MDF — and select the finish that complements your interior or exterior design.

## 03 DECIDE ON JAMB + CASING

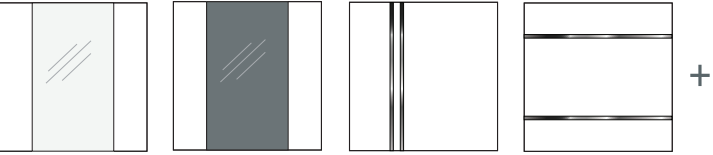

Customize the frame by selecting the appropriate jamb and casing options that ensure a seamless fit and style for your door installation.

## 04 GLASS / INLAY OPTIONS

*Available on select door panel designs.*

Enhance your door with glass inserts or decorative inlays, selecting from a range of styles and levels of transparency to suit your privacy and design preferences.

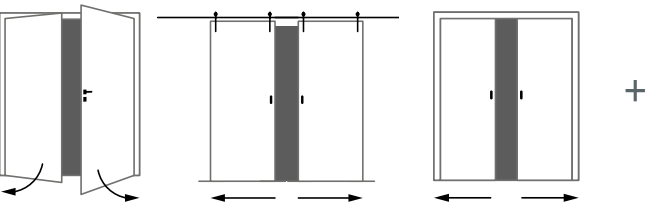

## 05 CHOOSE HARDWARE

Select the perfect hardware, including handles, hinges, and locks, to ensure both function and style are aligned with your overall design.

## 06 DOOR TYPE & FUNCTION

Choose from swinging, barn, and pocketing options to create a seamless interior door package throughout your home for bedrooms, hallways, closets and more!

GLASS INLAY DESIGNS

Contemporary interior doors with glass panels are a perfect blend of functionality and style, allowing natural light to flow through your space while adding an element of design. These doors are ideal for creating an open, airy atmosphere without sacrificing privacy. The glass panels can be customized in various styles offering both aesthetic appeal and practical benefits.

## TRIMMED TO PERFECTION

Discover sleek design options that bring a refined, cohesive look to any space. With choices that blend seamlessly into existing trim or create a minimalist, flush appearance, each style elevates your space with a modern edge. Subtle detailing and customizable finishes allow these doors to harmonize effortlessly with your decor, balancing contemporary aesthetics with timeless appeal.

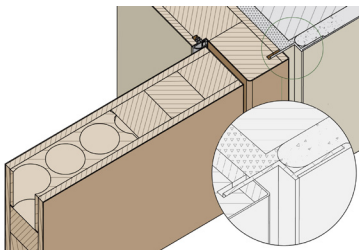

**FRAMELESS**

The aluminum frameless design creates a sleek, flush appearance, making the door appear as if it is built directly into the wall, with no visible frame or casing for a seamless, modern look.

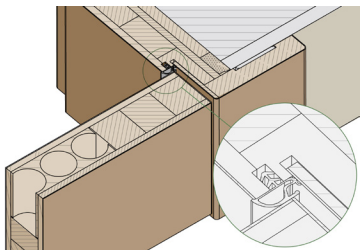

**TRIMLESS**

The trimless application features a thin frame around the door slab for a sleek, modern look. Available in either a Z-bead (subtle reveal) or an L-bead (completely seamless) option.

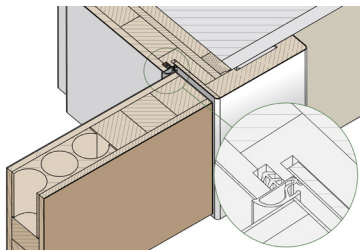

**MATCHING**

Matching frame and casing offers a seamless, coordinated design that delivers a refined and cohesive aesthetic for any space.

**WHITE**

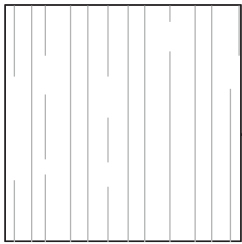

White frame and casing complements existing white trim, offering a clean, cohesive look with a sleek, contemporary finish.

# WOOD & FINISH OPTIONS

**STAINED WOOD**  
Choose wood veneer and stain

**PAINTED WOOD**  
Painted door preserving wood texture

**LACQUERED MDF**  
Painted door with smooth texture

Our Luxeline interior doors feature premium natural mahogany or oak veneers with customizable metal accents and finishes, ideal for modern homes. Painted doors are crafted with 6mm MDF panels on each side, finished through a multi-step lacquering process for a smooth, durable coat.
